

Briarcrest Community Association, Inc.

Thank you for your purchase of a Ryland Home! Attached you will find the Design Guidelines for the Briarcrest Community Association, Inc. ("Association"). The Association's governing documents require that any modifications to the exterior of your home be approved by the Association.

These Design Guidelines are provided to you to help establish what modifications would generally be approved, however, each modification is reviewed on a case-by-case basis and based on your specific Lot. These guidelines are not intended to provide any preapproval and are subject to change by Ryland and/or the Association.

All approvals are subject to the following conditions:

1. Change/improvement must not impede the flow of water in any drainage easement or swale.
2. For any portion of construction in any easement, owner/applicant must hold the Association harmless for any costs associated with repair/replacement of change/improvement should the Association or local municipality or local utility need to enter such easement.

At the end of this document you will find the Association's Request for Modification Form. This form should be completed for any modification and returned to your Association Manager. The completed form can be sent to:

Fieldstone Association Management
2675 Paces Ferry Road
Suite 125
Atlanta, GA 30339

A completed form must be submitted through the Association for all modifications. THE VERBAL APPROVAL OF ANY SALES AGENT, RYLAND EMPLOYEE, OR ASSOCIATION REPRESENTATIVE IS NOT SUFFICIENT. ALL MODIFICATION APPROVALS MUST BE IN WRITING.

When plans are required, they must be submitted with the form. A form is attached to these guidelines. Additional forms are available from the Association.

Again, congratulations on your new home and welcome to Briarcrest!

A. DEFINITIONS

The Protective Covenants contain design review authority and broad, general objectives of the community association to protect property values and integrity of the subdivision.

The Design Guidelines, which may be modified from time to time, have been developed to supplement and amplify the Covenants. The Design Guidelines serve two purposes:

1. To assist the homeowner, both in designing the proposed improvement and in determining how to apply for Approval;
2. To provide criteria for consistent decisions by The Association.

OVERALL GOAL

The overall goal of the Protective Covenants and Design Guidelines is to keep Briarcrest an attractive and desirable place in which to live.

See Figure 11.

4. The owner or occupant shall be responsible for the maintenance and repair of the satellite dish including, but not limited to, (i) reattachment of satellite dish, and any components thereof, within forty-eight (48) hours of dislodging, for any reason, from its original point of installation; (ii) repainting or replacement, if for any reason the exterior surface of the satellite dish becomes worn, disfigured or deteriorated.
